

UNSWORTH ELEMENTARY SCHOOL

STUDENT PLACEMENT FORM

In early June, we will begin the thinking and planning process for student placement for the **September 2023** school year. The placement of students in classes is a very thoughtful and complex process. During our placement discussions, consideration is given to many factors such as: child's learning styles, behavioural and social needs, peer relationships, class size limits, class composition, grade balance - (if it is a split class), male/female ratio, as well as the instructional needs in the class.

If you would like to make a request about next year's class placement, please complete the form below and hand it into the office by **Friday, May 26th**. When children are placed in classrooms, it is for the educational reasons and parent input is valued. Educationally sound requests will be considered as we work as a team to construct balanced classrooms with consideration given to the factors provided above.
